The USDA Federal Summer Food Service Program has been extended through December 30 or until federal money is no longer available. Our school district is thankful to be able to offer this program as allowed by the Department of Health and Senior Services and USDA for our students and families.

Any lunch money already paid for meal accounts will remain on the student's account for when this program is discontinued.

Even though meals are free, it is very important that families turn in completed Free and Reduced Lunch forms for this school year. These forms are necessary for our school to continue to qualify for many of our meal programs, including Summer Food Service Program and our free after school super snack program.

Some who have not yet turned in their free and reduced lunch form will be getting one in the mail.
